

Having Trouble Getting Your Deals across the Finish Line?

Transaction Support

Find the Insight and Guidance You Need to Get Your Important Deals Done

A financial transaction is one of the most complex and risky endeavors a business can undertake. Effective financial due diligence and proper support in all areas are crucial to success. AC Lordi's experienced Transaction Support practice provides you with valuable insight to help reduce risks when evaluating and executing investments, IPOs, mergers, acquisitions, or divestitures. We quickly become an integral part of your team while maintaining our independent perspective—an approach that gives you the consistent and accurate judgment you need to make more informed decisions and avoid costly mistakes. Our services include:

Financial Modeling

We can prepare pro-forma financial statements and financial forecasts to assist with potential financing and the valuation of targets.

Financial Due Diligence

We accurately appraise the integrity of the target's transaction data, facilitating confident negotiations and decision making.

Deal Structuring

We guide emerging and pre-revenue clients through the complexities of funding acquisitions and refinancing.

Purchase Accounting & Divestiture Support

Our refined methodology and customized checklists allow us to support or lead business combinations and divestitures. We have a team of professionals trained in FAS 141R, FAS 146, and other related pronouncements.

Post-Acquisition Integration

Our professionals have worked with numerous accounting and enterprise-wide systems giving them the experience to lead or support an efficient data migration and smooth integration of financial processes, policies and procedures. We have also helped companies manage organizational change following acquisitions and divestitures.
